

PortFolio[®] Tabletop Displays

by DISPLAYONE[®]

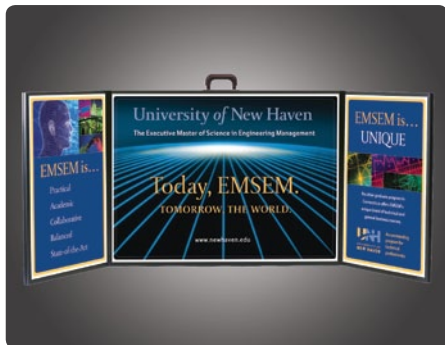

Conceived with the Sales Professional in mind, the **PortFolio Exec 24** is the newest size in the Display One PortFolio product line. 24" in height, the Exec opens up with a 64" span creating a powerful visual display.

Header shown not included. May be purchased as an option. Portfolio tabletops may be ordered with or without custom graphics. Ask for details.

Lightweight & portable
the DisplayONE PortFolio[®] series
is ready to go when you need it. Perfect
for all your sales, marketing, recruiting,
and presentation display needs.

- The outside is a rigid, ABS thermo-formed exterior shell which can be customized with your color theme and logo.
- The interior is our proven lightweight composite, with a wear resistant Tempo[®] fabric, then framed in a sturdy, temperature resistant PVC.

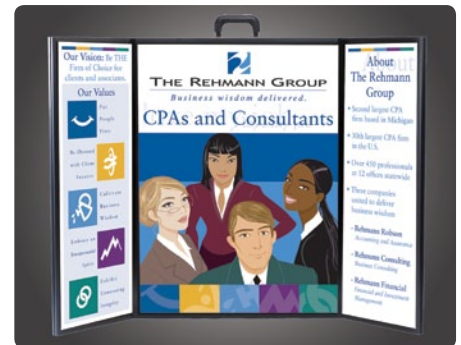

• **Headers are available for all sizes.**

The **PortFolio 18** will fit into any presentation event you attend. The briefcase style meets the most restrictive of standards. Take it with you anywhere...even on most airlines. The open width is a full 48" - room for any graphic message.

The **PortFolio 24** is our most popular due to convenient size and plenty of room for graphics. A generous 24" in height and a full 48" in width makes this display second to none for most recruiting, sales, and marketing functions.

The **PortFolio 32** is exactly what you need when you're on the go all the time. Sometimes you're setting up and tearing down so often that you can't possibly be accomplishing anything else. If you're presenting in a larger setting and require an even larger presence for your organization, the PortFolio 32 is the answer.

For quality, dependability, and value, go with the leader in display products...
